## Kruse Worldwide Courier: More Than Traditional Service

Kruse Worldwide is the third highest transportation company in Indiana in terms of growth and offers the best in delivery and customer service

For over 40 years, Kruse Worldwide Courier has offered nothing but the best in delivery, warehousing and customer service. Located at 5020 Investment Drive in Fort Wayne, the company's wide array of services include all types of freight from parcels to pallets, one pound to truckloads.

Recently Inc. magazine ranked Kruse Worldwide Courier on its 2008 annual ranking of the 5000 fastest-growing private companies in the country. The Inc. 5000 list looks at an important area in this country's economy: entrepreneurs. According to Inc., "these companies are the backbone of the U.S. economy and help drive innovation."

Along with being on the Inc. 5000 list of fastest-growing private companies, Kruse Worldwide was also on the top 100 transportation list of 2008. That same list had Kruse Worldwide as the third highest transportation company in Indiana in terms of growth.

This growth has allowed the company to expand beyond what consumers think of traditional courier services, expanding into distribution, medical records, warehousing, air freight, office supplies, home delivery, and third party logistics.

"We're proud of our growth," says Lance Adams, CEO of Kruse Worldwide Courier. "Our mission is to offer superior service at a competitive price and we'll maintain that mission going forward. We honor our commitment by doing what we say we're going to do and providing great service to our customers to help them grow. That is what has driven our success."

early 90's. Adams became part owner and Chief Operating Officer of Kruse Worldwide Courier in June 2002 and in December 2005 his role evolved into that of CEO.

"My experience coupled with a strong desire to have ownership in what I was putting my efforts into led me to Kruse Worldwide," says Adams.
